

## WEEE2 Compliance

**DIRECTIVE 2012/19/EU 4 July 2012 on Waste Electrical and Electronic Equipment (WEEE2)**  
and

**STATUTORY INSTRUMENT 2013 No. 3113. ENVIRONMENTAL PROTECTION**

**The Waste Electrical and Electronic Equipment Regulations 2013**

The Waste Electronic and Electrical Equipment Directive (WEEE2) places rules upon manufacturers of electrical and electronic equipment intended for sale in the UK and the EU. The Directives' aims are to reduce the impact that electronic devices have on the environment and reduce or eliminate any going to landfill.

Michell Instruments Ltd is in full compliance with the above listed WEEE Directives and is registered with an approved recycler (Registration No. WEE/JB0235YW) and treats the requirement of the Directives and the protection of the environment with the utmost importance.

All Michell Instruments Ltd products are marked with the Wheelie Bin logo indicating their requirement for appropriate recycling and Michell Instruments advocates and urges its customers to take every opportunity to recycle, ethically and responsibly.

Customers may be required to return certain instruments for treatment at the end of their working life.
